

FEBRUARY 26-28, 2019 INDIGENOUS EVALUATION TRAINING

ABOUT THE TRAINING

The purpose of this training is to inform Leech Lake Tribal Nation stakeholders regarding the Indigenous Evaluation Framework. American Indians have ways of assessing merit or worth based on traditional values and cultural expressions. This knowledge should inform how evaluation is conducted and used in our communities. Evaluation is an opportunity for learning from our programs and effectively using information to create strong, viable, and healthy tribal communities.

NDSU AMERICAN INDIAN PUBLIC
HEALTH RESOURCE CENTER

Venue:

Northern Lights Casino
